HOMETOWN VINYL SYSTEMS

Our picket fence is manufactured with routed rails to eliminate dislodged pickets.

Sagging bottom rails will lead to blown out pickets! The structural integrity of our 2" x 7" privacy rail is unmatched!

Don't be fooled by INFERIOR PRODUCTS!

HOMETOWN VINYL fences and railings are manufactured with 100% virgin vinyl extrusions. There are many low end recycled products being offered by big box stores and "fly by night" fence companies. This may lower initial costs but will cost you in the long run. An investment like a vinyl fence should not be taken lightly. A warranty is only as good as the the company offering it. We will stand behind our products as we have been doing since 1923!

All fences are not created equal!
